

Fedway Associates, Inc Facility Tour & Dinner

Wednesday January 24th, 2017

ABOUT

Established in 1934, Fedway is one of New Jersey's largest beverage wholesalers and distributors. Their thousands of SKU's range from high-end labels of wine and spirits all the way to non-alcoholic beverages. Fedway's sole distribution center in Elizabeth is responsible for servicing the company's 7,000+ customers on a day to day basis.

Join the Material Handling Society New Jersey for an up-close look at Fedway Associates, Inc's distribution center at our latest facility tour on January 24th. Learn how complex Pick Module racking systems integrated with full conveyor systems and additional types of material handling equipment are responsible for exceeding the demands of Fedway's supply chain needs.

The tour will be directly followed by an offsite networking event and dinner at Valenca Restaurant, just a short distance away.

Tour Location

[20 North Avenue East Elizabeth, NJ 07201](#)
