

Material Handling Society NJ Presents a round table dinner meeting on

Cyber Security

“The protection of information systems from theft or damage to hardware and software as well as disruption or misdirection of services they provide”

Almost every day ransom ware, malware and denial of service attacks are in the news. The victims are companies large and small from retailers to hospitals. The company size and type of business no longer matter & anyone can be victimized, even individuals. In this talk we'll look at the contemporary threats and the efforts to mitigate them. You'll learn what works and what does not. We'll discuss what cyber security management effort is required to meet the current level of risk.

The Panel will consist of experts from a variety of industries

Gideon Lenkey	RA Security NJ & Cypress, Owner
Carl Woodward	Lifetime Brands, Director Warehouse Services
Anthony Longo	Tiffany & Co., Chief Information Security Officer
Frank Halpin	CFE Halpin Consulting Group, Owner
